THE WEATHER

Fair tonight, warmer in south  
portion. Saturday increasing  
cloudiness.

NUMBER 233

VOLUME XVIII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., FRIDAY EVENING, OCTOBER 3, 1924.

OUR PUBLIC DEBT'S  
CUT \$861,000,000  
IN LAST 12 MONTHS

Washington, Oct. 3. (INS.)—The American public debt which cost the taxpayers of the country about a billion dollars in interest this year, was reduced \$861,441,000 in the 12 months ending September 30, the United States Treasury announced today.

The debt in August was cut \$180,000,000, leaving total outstanding obligations of \$20,841,424,950 compared to the maximum of \$25,478,922,113 August 31, 1919.

American Woolen Co.  
Has Order Which Means  
Full Time Balance O' 24

Lawrence, Mass., Oct. 2 (NS)—The most optimistic news in the textile industry in recent months leaked out today when it was learned that the American Woolen Company here has received an order for 50,000 pieces of cloth. This will keep the local mills running full time until January at least, it is said. The company employs 40,000 operators.

LEATHERMAN FOUND  
GUILTY; SENTENCE IS  
DEFERRED FEW DAYS

Frederick, Md., Oct. 3 (INS.)—Harry Leatherman was found guilty in circuit court here today of being the ring leader of the mob which tarred and feathered Dorothy Gandon on Myersville road last July.

After more than 18 hours deliberation, the jury filed into court this morning and foreman J. P. Tynes announced Leatherman guilty of aiding and abetting Mrs. Mary Sank, one of the confessed leaders of the crowd which attacked the young girl. Leatherman was declared not guilty, however, on account of chasing him with actually pouring tar and feathers on Dorothy's naked body.

Judge Hamon Urner suspended sentence, announcing the case would be disposed of after twenty other persons indicted with Leatherman were tried.

LOCAL ORCHESTRA TO  
MAKE DEBUT TONIGHT

Manager Hartman of the Biggs Theatre offers quite a diversion between shows at the Driggs Theatre on Friday evening when he will exploit the Keystone Orchestra of this city in a specially planned musical program.

The Keystone Orchestra is composed entirely of local boys and the brand of music they are putting forth is making a wonderful reputation for them wherever they appear.

"Fair Lady" is the picture attraction for the evening, featuring the famous Rex Beach story.

MEEKER AND KELLY  
NEARING DAYTON

Moffatt Field, Omaha, Neb., Oct. 3 (INS.)—Blazing an uncharted air trail across the rolling Nebraska prairies, Ezra Meeker, 94, Oregon trail breaker arrived in Omaha today at 10:15 o'clock in the army plane piloted by Lieut. Oakley K. Kelly and resumed the flight eastward today to Dayton, Ohio, at 11 a. m.

Contributing your quarter dime or half dollar to one of youthful workers tomorrow by the purchase of a red hear means helping some of the neediest children in the state. The drive will start at nine o'clock in the morning from headquarters in the community Y. M. C. A. where those desiring to help sell the tags are requested to come for tag and instructions.

The tags will be sold largely in the residential section. Purchasers are requested to display their tags to avoid further appeals.

BUSINESS OUTLOOK  
IS BETTER SAYS  
SAMUEL VAUCLAIN

Philadelphia, Oct. 2 (INS.)—"September was a better month for the Baldwin Locomotive Works than August and October will be better than September," said Samuel Vauclain, president of that company today.

"Our business is the last to feel the impetus of expanding industry," said Mr. Vauclain. "General business is improving and though there are some slack places here and there they will be eliminated as people realize that things are getting better. The business outlook is bright. Increasing car loadings tell the story."

May Wheat Hit A New  
High Yesterday P. M.;  
\$1.50 Per Bushel Quoted

Chicago, Oct. 2 (INS.)—The forecasts of optimists were burned out here today by reports of an acute grain shortage abroad, touched \$1.50.

Predictions that wheat would go to this point came months ago at a time when agriculture was bitterly complaining of the difference between the price which it received from its product and the cost it paid for manufactured goods.

PHILADELPHIA MAN  
GETS CLEMENT POST  
ON P. S. COMMISSION

Philadelphia, Oct. 3 (INS.)—Joseph H. Scattergood, of this city, has been appointed to the State Public Service Commission by Gov. Pinchot to succeed Samuel M. Clement, Jr., resigned. Mr. Scattergood is a banker but has been interested in philanthropic and civic movements for years. He is also treasurer of Haverford College.

The appointment of Scattergood came as a surprise as he had not been prominently mentioned for the place.

## MRS. CAROLINE MULSON

Mrs. Caroline Mulson, a native of Covington township, died at the home of her son, F. A. Mulson, at 4:56 Rhodes avenue, Akron, Ohio, on Wednesday, Sept. 24, 1924, aged 82 years. The remains were brought to Frenchville for interment.

The aged lady is survived by one daughter and three sons as follows: Mrs. Mary Vallmont, of Kyrletown; Peter Mulson of Coudley; F. A. Mulson, of Akron, and H. J. Mulson, of Hyde, Pa.

NEW GOVERNOR  
FOR CANAL ZONE

Washington, Oct. 3 (INS.)—Colonel Merrywell Walker, engineers Corps United States army, was today named Governor of the Panama Canal Zone by President Coolidge. Col. Walker is a native of Virginia.

Miss Debbie Read, of Curwensville  
spent Wednesday evening in Clearfield.

## PENNSY-GRAMS

Philadelphia—Mrs. Emma Bergdoll, mother of Grover Cleveland Bergdoll, refused to discuss yesterday the latest report that the notorious draft dodger has left Germany and returned to this country surreptitiously. Mrs. Bergdoll would not say whether she knows her son's present whereabouts or not.

Philadelphia The Rev. John Bieri proved himself a real "sky pilot" yesterday when he flew over Frankford dropping invitations to attend the opening of the new Sunday School building of the Memorial Methodist Episcopal church.

Reading—Written in a little pocket memorandum book, the will of the late Keyser Frey, manufacturer, was admitted to probate here yesterday. Under its terms almost the entire estate, valued at \$75,000, is left his widow, with the proviso that the money go to establish an orphanage for girls at her death.

FIRPO TO REMAIN;  
CURRAN FINDS NO  
REASON TO DEPORT

New York, Oct. 3. (INS.)—Louis Angel Firpo's chances for remaining in the United States as long as he wishes brightened today following the favorable report of Immigration Commissioner Henry H. Curran to the Department of Labor. Curran saw no reason why the Argentine fighter should be deported.

Canon Chase, who sought the fighter's deportation before the Williams match, indicated through his attorney that he would not consider the case ended. Chase charged that Firpo brot a woman to America for immoral purposes.

"Shenandoah" May Fly  
Over Clearfield On Its  
Journey To California

Lakehurst N. J., Oct. 2 (INS.)—Two routes over which the dirigible "Shenandoah" may fly when it leaves here for the Pacific Coast next Tuesday, were made public at the Naval Air Station here today.

Weather conditions will determine which route Commander Zachary Lansdowne will take from here to Fort Worth, Texas, but the route thence to Seattle, Washington, and back to Lakehurst, will not be changed by the barometer.

The "fair weather" route to Fort Worth, covering 7,890 miles, will be via York, Pa., Cumberland Md., Dayton, Ohio, Paducah, Ky., and Little Rock, Ark. The "foul weather" route a distance of 8,220 miles, runs thru Dover, Del., Richmond, Va., Winston Salem, N. C., Atlanta, Ga., and Birmingham, Ala.

SPARTANSBURG, S. C.,  
OIL TANK DISTRICT  
SWEEP BY FLAMES

Spartanburg, S. C., Oct. 3 (INS.)—At noon today the oil tank fire which has threatened the business district of this city since early this morning was raging as fiercely as ever with little chance of getting it under control.

City officials have appealed to Anderson and Greenville for fire apparatus to assist the Spartanburg fire department. People are moving from buildings near the conflagration, continuing in fear of a huge explosion. More than 2 million gallons of gasoline and oil are in the tanks which now are considered lost.

Spartanburg, S. C., Oct. 3 (INS.)—Flames today swept Spartanburg's tank district, three blocks from the heart of the business district, where more than two million gallons of gasoline and oil are stored. The fire, of undetermined origin, broke out about 7:30 a. m. among the gasoline tanks of the Blackburn Oil Company. Other companies possessing tanks in the vicinity of the fire are the Standard, National, Texas and Gulf Companies.

COMMERCIAL CLUB  
MEETING POSTPONED

The meeting of the Clearfield Commercial Club which should be held on Monday evening next will be advanced to October 13th in order that the Club may avail themselves of the opportunity to hear Miss Gannaway, a near East Relief lecturer who will have a special message for the Club.

Washington, Oct. 2 (INS.)—America's 1924 wheat crop will put \$1,000,000,000 in the hands of the farmers, secretary of the treasury Mellon announced today following an investigation of the situation at Chicago by Eugene Meyer, Jr., managing director of the War Finance Corporation.

"It is a matter of great satisfaction that this year's great wheat crop was grown on a ten per cent smaller acreage than last year's," Mellon said.

BIG THREE GO INTO  
ACTION TOMORROW  
IN FALL GRID TEST

New York, Oct. 3 (INS.)—With the Big Three going into action for the first time and four games scheduled between teams of more than ordinary importance, the 1924 football season will be on in earnest tomorrow.

The biggest games on the card call for meetings between Wisconsin and Iowa state at Madison, Wis., Nebraska and Illinois at Lincoln, Neb., Ohio State and Purdue at Columbus and Pittsburgh and Lafayette at Pittsburgh.

Nebraska, Nemesis of Notre Dame and Illinois, joint holders with Michigan of the Western conference title should furnish the fireworks. It is one of the heaviest games ever scheduled in the early season.

Of the big three Harvard will get under way against Virginia at Cambridge, Yale will play North Carolina at New Haven and Princeton will take on Amherst at Princeton. The three come under the head of practice sessions.

Other games of importance scheduled are: Dartmouth vs. McGill at Hanover N. H., Chicago vs. Missouri at Chicago; Cincinnati vs. St. Mary's at Berkeley; Cincinnati vs. Georgetown at Cincinnati; Georgia Tech. vs. Virginia Military Institute at Atlanta; Cornell vs. Niagara at Ithaca; Northwestern vs. South Dakota at Evanston, Ill.; Penn State vs. North Carolina State at Raleigh, N. C., and Syracuse vs. Mercer at Syracuse.

Local Grid Season To  
Open Here Tomorrow;  
Groundhog On Menu

When Clearfield Hi takes the field tomorrow at three o'clock against Punxsy High, the 1924 season will be officially opened.

In comparison with last year's initial contest everything is expected to be "bigger 'n' better." The team itself will be considerably better than the one opening last season while indications point to a large crowd being on the somewhat improved gridiron at the Park.

Clearfield Hi students are putting thru a ticket campaign that is meeting with steady success among High School and Junior High students but the outsiders are a little slow in buying. The local fans supported their team fairly well at Cooper last Saturday but they must come in large numbers at home to support a winner properly here this season. The team will be a winner with proper support.

The local authorities intend starting an "anti-back door" campaign against the persons appearing on or near the field without the customary card board. Tickets will be on sale at each gate and any person who is the least bit anxious to see the game should not let himself forget a ticket in his over-anxiousness, or a return trip ticket will be given.

The Red and Black has a big year ahead, not only in football, but in being able to pay for good football. Lately Clearfield High has advanced into a higher class of schools and in playing with these more money is needed than in former years. As a contrast the local board makes the statement that in 1918, \$200 paid the expenses for the entire season, while this year we meet three teams whose guarantees are very near that and when all is settled up these games will each cost in actual money about \$400, which will be the cost of every conference game. Johnstown, Lock Haven and another school close by, which means that the support must be that much greater, and with it the team will be a winner or that much better. So do your bit and the team will guarantee to give a good account of itself.

Tomorrow's game will mark the second appearance of both Punxsy and Clearfield on the gridiron for this season. Each scored a victory against their opponents in the opening fray and both hope to repeat in this game. On form "our own" look like the best bit as they downed Cooper 76-0, while Punxsy was only able to throw Big

NEW ROAD OPENING  
IS GREAT EVENT FOR  
HOUTZDALE-MADERA

The whole people of the eastern and southeastern end of Clearfield County took the afternoon off yesterday for the sole purpose of celebrating the opening of the last link in the improved road connecting Madera and Osceola via Houtzdale.

The opening hour was set for 2 o'clock and when that time arrived each of the towns of Osceola, Houtzdale and Madera mobilized both their man power and their means of transportation in preparation for their first trip over the new road. This road was built in two sections, one of two and the other of two and one half miles, and were located one on either side of Houtzdale.

The Houtzdale people trekked to Madera and were joined there by Puseyville's outpouring and headed by Charley Maxwell's famous Morris Band made the trip back down over the new road connecting these two towns and were joined at the Houtzdale borough line by Osceola's delegation and a joint tour of the connecting link between Houtzdale and Osceola was made. It was a wonderful turnout the line of cars extending for nearly two miles.

When the round trip of the road had been completed the assemblage repaired to Sherker's Opera House in Houtzdale, where a speech-making program was carried out. Harry Sweeney presided and addresses were made by Hon. Singleton Bell, Hon. W. J. Betts, Hon. H. B. Scott, Judge John B. McGrath, Charley Maxwell, Hon. G. B. Jones, County Commissioner Welmer, Burgess Clouser, of Houtzdale, and many others.

At the conclusion of the speech-making a banquet was served at the Louis LaChance restaurant, at which about fifty representatives of the towns of that region and Clearfield participated. John Scollins, who was unable to attend the afternoon meeting was the chief speaker, and in the course of his remarks advocated a movement that would make possible a cheap accident insurance for automobile travelers, such as is enjoyed by passengers on railroad trains, who can buy protection on such trip for 25 cents per day.

Other speakers were John M. Bain, Charley Maxwell, Billy Burns, Mr. Ganoe, John B. McGrath, T. V. Gould, J. D. Connolly, Judge Singleton Bell, and Jake Luxemburg, who now advocates an improved road to Atlantic around the back way so "Squire Charley" Roach can't find it.

The affair was a highly enjoyable one and greatly enhanced the already fine reputation of Houtzdale people as hosts and entertainers.

Run High by a 12-0 score.

The victors will center their play around Steve (Firpo) Zedick, their big husky captain. "Big Steve" is possessed of both speed and weight and is a hard man to stop. Clearfield looks to "Mickey" Mann to do the trick tomorrow, however.

Clearfield's lineup will, in all probability, be the same as started last week, but a quick shift is within the possibilities.

The probable line-up of the two teams follows:

| Clearfield | Punxsy |
|------------|--------|
| Mohney     | LE     |
| Witherow   | LT     |
| Hughes     | LG     |
| Mann       | C      |
| Dale       | RG     |
| Thurston   | RT     |
| Johnston   | RE     |
| Mitchell   | QB     |
| Barnie     | LH     |
| Wilson     | RH     |
| Bowes      | FB     |

Mrs. Ruth Butler, of Lawrence township, whose "chicken farm" was raided a couple of months ago and a small quantity of liquor found, entered a plea of guilty of the illegal possession of liquor yesterday and was directed to bring her five or six children into court today in order that they may be taken in charge by the authorities, where the woman is to be sentenced to leave the county and remain outside its borders.

HAVE YOUR LIGHTS  
ADJUSTED FREE AT  
MARKET AND LOCUST

Local motorists will have the opportunity of having the lights on their automobiles, properly focused free of charge at a "focusing demonstration" to be held on Front street Monday evening next. This demonstration has been arranged for by the local automobile dealers who have arranged with W. J. Davis of Altoona, an expert on lighting, who was drilled and educated along this line by O. L. Johnson, of the State Highway Dept. to conduct same.

The demonstration will be given on the block between Market and Locust street, the necessary screens to be erected just above Locust street. When defects are found in the lights of any machine mechanics from the local garages will be on hand to remedy same at once and without charge to the car owner.

Butler And Kendrick In  
Conference At City Hall  
Late Yesterday Aft'noon

Philadelphia, Oct. 2 (INS.)—Gen. Smedley D. Butler returned to City Hall today after ten days of illness and heard the glad news from Mayor Kendrick personally that he is to be retained as Director of Public Safety.

After a conference between the two, lasting nearly an hour, the Mayor announced "some situations heretofore misunderstood" were cleared up and the General announced the Mayor treated him "as I hope I will be strong enough soon to treat my subordinates."

How long the General will retain his post, however, is still a mystery as neither would comment on this.

Russell Bishop entered a plea of guilty to the possession of liquor, and as he had the same for his own use and had been in jail for some time, he was sentenced to pay the costs.

"ON WITH THE WORLD'S SERIES", SAYS  
JUDGE LANDIS; BRIBERY CHARGES TO  
BE THOROUGHLY INVESTIGATED LATER

By GEORGE BARY  
I. N. S. Staff Correspondent.

Washington, Oct. 3.—The tempest kicked up by baseball's newest scandal a lays somewhat today—but it was the opinion of baseball men gathered here for the opening of the World Series tomorrow that it is only a temporary lull.

Few doubt that once the series is out of the way, a man sized storm is going to rock the national game, and on every hand today the question was being asked:

"What will it lead to?"

For the time being, Judge K. M. Landis is going to devote his time to conducting the world series. He is content to leave things stand as they are for the present.

Jimmy O'Connell, the Giants' young outfielder, has confessed that he sought to bribe Heine Sand, the Phillies shortstop in the closing days of the National League season; O'Connell and Cozy Dolan, the Giant Coach, have been shunted out of base ball for all time—and on this Judge Landis is willing to rest.

With a deprecatory wave of his hand he has decided that there is nothing to O'Connell's story that Frankie Frisch, Pep Young and George Kelly, the backbone of the Giants team were "in on the whole thing."

"An abortive attempt was made to bribe a ball player to throw a game," said the Judge. "The attempt failed. That is all there is to it. Why call off the series?"

This last was the Judge's answer to Ban Johnson, President of the American League and Barney Dreyfuss, owner of the Pittsburgh Pirates both of whom declared the Worlds Series should have been called off.

The white haired czar of the game also had some curt advice for Messrs

PHILIPSBURG MAN  
BURNS TO DEATH  
IN MINE SHANTY

The charred remains of "Dewey" Stratton, who lived alone in a shanty at the Rusnak mine in Rush township, were found Wednesday morning in the ruins of the shanty, which had been destroyed by fire during the night or early morning.

The Rusnak mine property is in the wilderness beyond Horn's Heights, about a mile to the left of the main road. Stephen Rusnak, of Ninth street, the owner and operator of the mine, with his two sons, John and Martin, reached the scene about 6:30 this morning, intending to go to work. They were much surprised to find the shanty in ruins and part of it still burning.

When Stratton was not to be found they began a search through the burning embers. They were horrified to find the man's body in the ruins and a dead mule, which had been stabled in a part of the shanty, and two dead dogs in the apartment with Stratton.

A quart bottle half full of moonshine remained mute evidence of the probable cause of the awful happening.

"Dewey" Stratton was aged 32 years. His christian name was Roy, but nearly everybody hereabouts knew him as "Dewey." His parents are both dead. He had been employed at the Rusnak operation for months past.

## ATTENTION LUTHERANS

Services preparatory to the Holy Communion will be held in St. John's Lutheran church this evening at 7:30. It is important that every member be present both at this service and the service on the coming Lord's Day. Come and receive a blessing.

## MT. ZION SUNDAY AFTERNOON

Preaching by the pastor. A goodly turn out is desired. Important matters will be presented.

Chicago, Oct. 2 (INS)—A Chicago elevated conductor; a South Side restaurant keeper; a Wisconsin game warden—this is the record of three of eight former baseball stars, the once famous "Black Sox" sunk to obscurity since the graft scandal of 1919.

The three accounted for the Oscar "Happy" Felsch, center-fielder, now a game warden in Wisconsin; George "Buck" Weaver, third baseman, now a restaurateur; and Fred McMullin, utility, conductor.

The others have dropped from sight. Several are playing with a fly-by-night professional ball team.

## JURY FINDS KLUXER TOOK LAW INTO HIS OWN HANDS IN W. VA.

Fairmont, W. Va., Oct. 3. (INS.)—James A. Landis, who with 10 others, alleged Ku Klux Klansmen, was charged with felonious shooting of Daniel Washington, a negro, last February, was found guilty by a jury here last night after short deliberation.

The trial of Landis aroused great interest in the countryside and large crowds have attended the proceedings since they began.

According to testimony at the trial, Washington made advances to a white waitress in the restaurant where he was employed as a cook. The woman arranged a meeting with Washington but told her plans to the men charged with the attack. When Washington reached the scene where he was supposed to meet the waitress, he was seized, beaten, and left on the ground for dead.

Philadelphia, Oct. 3. (INS.)—Gas, escaping from an open jet directly beneath them, killed Mrs. Minnie Schlegel and her three-year-old daughter last night as they lay in bed at their home here. An infant son in the same room was saved by the quick action of the father, Harry Schlegel, who snatched him from his bed and carried him to a police station where he was revived.

Police are at a loss to account for the jet being opened. It is thought the little girl may have reached up and pulled it open unknown to the mother.

## MINERS NOMINATE DISTRICT OFFICERS ON OCTOBER 14TH

Mine locals of District No. 2 U. M. W. of A., will nominate on the second Tuesday of October, candidates for president, vice president, secretary-treasurer, one national board member, nine district board members, nine organizers and nine assistant board members. The election will be held the second Tuesday of December.

President John Brophy will have opposition for the presidency, Samuel Hunter, of Rossiter, being a candidate. Jerry Ford, of Patton will oppose James Marks, of Clearfield, for the vice presidency. Richard Gilbert, secretary-treasurer of the district organization since its inception, it is understood, will have no opposition.

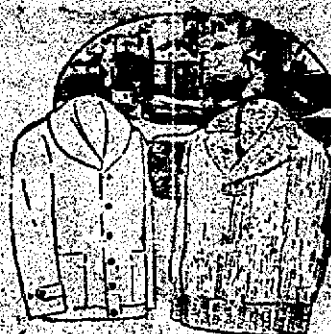

John Ghizzoni, of Homer City, national board member, will be opposed by George Bassett, of South Fork, and perhaps others. For district board member H. E. Carlett, of this city, will have as opponents Joseph Yurchak, of Anita, and Clarence Cauffman, of Sykesville and perhaps two or three others.

For assistant board member, Frank Daddario, the present incumbent will have considerable opposition.

The endorsement of three mine locals is necessary to place the name of any candidate on the ballot for the general election.—Punxsutawney Spirit.

## ODDS AND ENDS AND THIN

By J. D. C.

Which is the oldest ad in America? Samuel Hardorch of Pittsburg, assistant seer of the Pennsylvania Railroad co., secretary of the Pennsylvania company, the "Panhadde" Railroad, and president of the Carnegie Institute, believes that the Pennsylvania Railroad is a valid claim to the title. The historical researches trace first use of the corporate name "Pennsylvania Railroad," back charter granted 101 years ago. Conclusions are embodied in a 100 Mr. Samuel Rea, president of Pennsylvania Railroad company, in part, follows:

"I feel convinced that the first and therefore oldest railroad in the United States, starting with the organization of the project on May 1823, and following it through time, Sept. 20, 1832, when the completed unit became an operating enterprise, is the Pennsylvania Railroad. Colonel John Stevens is the father of the Pennsylvania Railroad, for it was in his brain that project was first conceived. Indeed, not going too far to say that the father of the American railroad in general.

"On March 21, 1823, he was delighted to receive a bill from the legislature of Pennsylvania, the first ever granted to a railroad company in that state, incorporated The Pennsylvania Railroad Co. This charter authorized the construction of a railroad from Philadelphia to Columbia, and the act declared the enterprise should be called 'Pennsylvania Railroad,' and who be 'constructed on the plan under the superintendence and direction of the said John Stevens' and the incorporators named in the charter were Stephen Girard and Benjamin Stevens caused suit to be made and freely spent his money in the enterprise.

"From July 17 to 25, 1823, he accompanied by Charles Lepractical civil engineer, was engaged in making a preliminary survey of the route for the proposed railroad from Philadelphia to Columbia.

"In April, 1823, Major Wilson began the location of the Pennsylvania Railroad with a corps of men at Columbia, and the actual proceeded from day to day.

"A report upon 29 miles of line from Columbia to the site of N. M. Ridge was made April 15, 1823, another report on the remainder of the line Dec. 1, 1823. In 1829, forty and a half miles of road was put under contract to be constructed by the original survey made by John Edgar Simpson, afterwards president of the Pennsylvania Railroad Company, Joshua Scott, Robert Pettit, John Bailey, Samuel W. Milford, William H. Wilson, J. Binton Moore, and J.

Lewis, William W. Torbert, John G. Davis.

"In 1834 transportation from Philadelphia to Pittsburg was opened up as follows: Philadelphia to Columbia, over the Pennsylvania Railroad, 81 miles; State Canal from Columbia to Hollidaysburg, 147 miles; Allegheny Portage Railroad to Johnstown, 37 miles; and canal to Pittsburg, 107 miles, forming a line 172 miles long, the longest except the natural water courses, in the United States."

F. S. Johnston, a farmer near Morton, Kan., harvested a bumper crop of wheat from seed that he says came from an Egyptian tomb. He said he got the seed four years ago and this year the increase was enough to plant fifteen acres. This crop netted 725 bushels, an average of 48.6 bushels to the acre. The grain is white and very hard, the straw short and the heads prolific.

Prof. J. S. Illick, tree expert with the State Department of Forests and Waters, whose new book "How to Know the Hardwoods," published by the American Nature Association, is just off the press, hopes for the future of the chestnut tree in Pennsylvania, which has been on the decline in this state ever since the blight arrived about twenty years ago.

Investigations conducted by the State Department of Forests and Waters into the after effects of the blight leads Prof. Illick and other department officials to believe that blight-immune trees may gradually develop in Pennsylvania. Young sprouts which have stood four years

ages of the blight have been discovered.

"Sprouts spring up from the roots of trees killed by the blight. At first one attack of blight killed off the young sprouts. Now sprouts have been found which have withstood four attacks. Ultimately it is hoped that the sprouts will become immune and that the chestnut tree may again find a place in Pennsylvania forests."

Mussolini, Italian Dictator, will build the world's highest skyscraper, a building with 38 floors, 1,100 feet high, the tallest of all buildings, with a frontage of 1,000 feet, containing 4,500 rooms, and 100 large halls, theatre, gymnasium for Olympic athletics, etc.

### MUSIC WAS REAL TREAT

Among the artists who contributed to the very successful reception given to the teachers by the Woman's Club were Mrs. Oscar Shaeffer, who, in her finished manner played the accompaniment for Mrs. Russell Williams and Mrs. Max Gallaher's accompaniment to Victor Meredith's solos. The "J. Pagliacci" music is very difficult and Mrs. Gallaher rendered it in a delightful manner.

Mrs. Mary Abernathy, of Cooper township, was drawn as a juror this week.

## to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight, often proves a low fighting power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red blood cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## THE VERY LATEST IDEAS

in bathroom appointments provide for invisible plumbing. Everything except the mirror is beautifully chaste white. Such a bathroom is a source of pleasure to the family and a matter of pride to the heads of the house. It also adds both distinction and value to the house. We shall be glad to tell you about the cost of such a lavatory and toilet. It is not so great as you may think.

## Style Notes On Fall Coats

Full length tuxedo revers of rich fur impart a tailored feeling to many a wrap favored for autumn.

### Suede-like

The smartest coat fabrics have a suede-like texture, almost leather like, but beautifully soft. Their luster is not brilliant, but very rich.

### Ruddy Browns

The reddish, bronze tones characterize many of the handsomest coats, while other fashionable ones are in shades of grey or tan.

## Sprightly NEW HATS

These new hats are truly a charming finishing touch to the Fall ensemble. Close fitting little hats, hats with a slight droop to one side, hats of felt and hats of velour. And we have made a special of a lot of these for tomorrow's selling. Extraordinary values at

## SMART COATS With a Myriad New Notes

Crisp weather is here in earnest. It is time to be considering what your Wrap shall be for the season of chrysanthemums, and the still colder months to follow. Here are topcoats, cloth Coats and fur-trimmed Wraps wealthy in charm. They have attractions beyond their fine lines, colors and trimmings for they present splendid values at these prices. For a lovely, satisfying Coat that will give good service choose from these assortments which are so varied and unusual. And choose immediately while the choice of superior styles is large.

## Fur-Trimmed Wraps Brightly Colored

Come to enliven autumn days and color snowy scenes are fur-trimmed Wraps, in such shades as copper, burgundy, mahogany and evergreen. A sleeve that is puffed from elbow to wrist, a godet of fur in the skirt, a banding of fur at the closing—these are new notes that will win you to them. Excellent values you will say. Choose your winter Wrap now.

## New Topcoats With A Youthful Swing

The Topcoat of this season is so much more than a Topcoat. Straightline Coats with long revers and devoid of fastenings are singularly becoming to young girls who will draw them nonchalantly about them. Slim coats in warm shades are often made more entrancing with trimmings of spotted fur. Very unusual values.

## Autumn Colors Prevail In These New Dresses

When one of the famous artists was asked how he conceived his wonderful colorings, he replied, "I take them from Nature". And how true it is with these new Fall dresses. The bright colors of Autumn are truly set forth and the trim silhouette more or less accentuates the colorings. Buttons, of course, are profusely used in the trimmings and with some other new novelties, these dresses are real works of art. Silks and the various Fall cloths are among the materials.

### First Shot Battery To Be The Salute Saturday Monument Dedication

Washington, Oct. 3. (INS.)—Battery "C," Sixth Field Artillery, known as "first shot battery" as it had distinction of firing the first cannon shot in the world on October 2, 1917, will fire the salute at the dedication ceremonies of the First Division monument on Saturday morning.

Captain Idus R. McLendon, who commanded the battery that historic salute will be in command when the salute is fired. He is now retired and at 2940 Broadway, New York.

Major Alex L. Arch of South Bend, Ind., who fired the first shot in the world, will fire the gun again Saturday.

### COMPLAINT FROM PARADISE

A suffering property owner asks us to notify the parents of Paradise boys that their boys are congregating at the school grounds in the evening and making forays against the surrounding properties. They have been stoning properties, destroying gardens, breaking windows and raising the devil generally. The practice must stop or arrest will follow, the irate neighbors declare.

### Tries Kellogg's Bran—restores health after 12 years of intense suffering

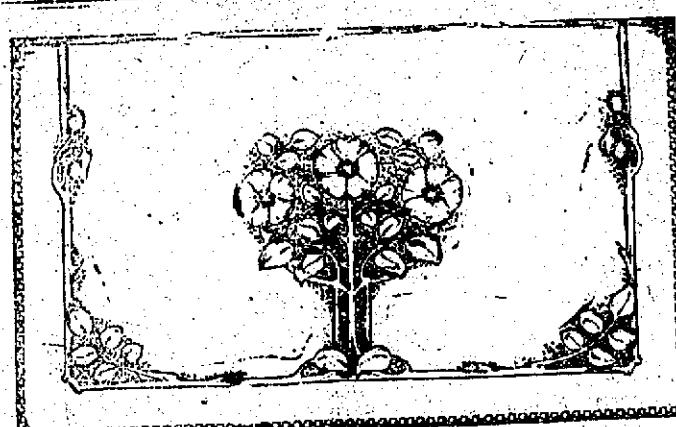

Mr. Firth writes that he suffered for 12 years from constipation and his friend for 10 years—a total of 22 years' suffering permanently relieved by Kellogg's Bran, cooked and krumbled.

Gentlemen:  
For 12 years I had been troubled with indigestion, caused mostly by constipation. Until about a year ago, I would suffer from 4 to 20 weeks at a time.  
I happened to see your Krumbled Bran in a store, purchased a package and got almost immediate relief. I am still eating the Krumbled Bran every day.  
The most wonderful results obtained with your Krumbled Bran I will now relate. A gentleman who has been taking medicine for about 10 years for constipation

could not find anything to give him relief. Three weeks ago I advised him to try Krumbled Bran, as I had told him what wonderful results I had gotten from it. The gentleman in question purchased a box, and he told me that for the first time in ten years he is regular without taking medicine.

Yours for health,  
William Firth, Jr., 55 Vesey St., Merchantville, N. J.

Eaten regularly, Kellogg's Bran is guaranteed to relieve the most chronic case of constipation, or your grocer returns your money. Eat two table-spoonfuls daily—in chronic cases, with every meal. The flavor is delicious. Try it in the recipes on every package. Made in Battle Creek. Sold by all grocers.

"Ten years ago I received such wonderful help from your medicine for my stomach trouble that I have recommended it to hundreds of other sufferers. Recently a friend of mine whose brother in a distant city was stricken with acute indigestion and was not expected to live, got his brother to take a bottle on my advice. I have just received word that his brother was holding his own, and I am confident that May's Wonderful Remedy will entirely restore him. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## DOLAN, ILL, CRIES OUT INNOCENCE IN BASEBALL BRIBERY

(Wright, 1924, International News Service.)  
New York, Oct. 2 (INS).—The  
nerves of Cozy Dolan, one of  
the most picturesque characters in  
baseball and once one of its greatest  
diamond pinchers, snapped today  
in the result of his suspension with  
out any bribe in the New York  
baseball scandal. Dolan, col-  
laring from the shock, was confined  
to his bed, from where he feebly sent  
a denial of any guilt.  
In another bed in his home at 3300  
Madison avenue, the wife, who will not  
even anything, except that he is in-  
cent. She too, had collapsed and  
at the night in crying.  
Dolan raised himself from his sick  
on his powerful throwing arm  
echoed the cry of Jimmy O'Con-  
"they made me the goat."  
He replies to Commissioner Landis  
been misconstrued," he said,  
only. "He asked me if I had  
ed to O'Connell before the game  
I answered 'I don't remember.' It  
mannerism of mine. I never say  
or 'no' in a conversation.  
I'm covering up for any one.  
You know what it's all about. You  
it—anybody that's followed  
eball knows it—I've always had an  
orable career."  
andom will bear out that last sen-  
ce of Cozy Dolan's.  
Dolan, by virtue of a career that  
he him envied, was one of the col-  
d individuals to whom baseball  
ted proudly ever since his huge  
appeared on Major League  
eball diamonds. It was a Dolan  
rent than him who lay weakly in  
today, his graying hair grayed  
usual.  
My wife still believes in me," he  
used, brightening. She told me  
ould have tried to explain that 'I  
remember' to the Commissioner.  
I did try. I found out then he had  
dy gone to Washington.  
I'm too late now."  
Dolan nearby confirmed what  
he said. He thinks still he can  
-aid. He is the "goat."  
at Cozy said she subscribed to  
a century, save his surtendering:  
I'm too late now."

"Parsec" Is a Long, Long Way.  
A "parsec" is a distance that the  
most zealous pedestrian would hardly  
care to walk before breakfast. In  
fact, it doesn't enter into the sphere  
of human operations at all, but it is  
a handy unit in astronomy. It is  
equal to 20,000,000,000,000 miles and  
is the distance traveled by light in  
3.3 years. A few of the nearest stars  
are from one to five parsecs distant  
from us, but most of the stars that  
dot the sky are scores or hundreds  
of parsecs away.

Island of Guam.  
The island of Guam, in the Pacific,  
which we acquired in 1898, is 5,011  
miles from San Francisco and 1,500  
miles from Manila. It is 30 miles  
long and 100 miles around, and boasts  
a population of 13,000.

Another Paradox.  
The philosopher in my little journey  
bedtime to bedtime," said the al-  
philosopher, "that the fellow who  
himself on being blunt in his  
can ask some very pointed  
things."

Clay Long in Congress.  
Clay Long was elected speaker of  
house of representatives six times,  
times: In November, 1811, Twelfth  
congress; in May, 1813, Thirteenth con-  
gress; in December, 1815, Fourteenth  
congress; in December, 1817, Fifteenth  
congress; in December, 1819, Sixteenth  
congress; and in December, 1823, Eight-  
eenth congress.

"Gusher's" Day Never Long.  
There is a certain class of people  
whom the gushing person will  
be hearing, but this is merely be-  
cause that particular class enjoy  
very, an art in which the gusher  
particularly skillful. But, take  
the whole, human nature appreci-  
a frankness and sincerity. And  
so two qualities give to the eye  
expression which is not to be over-  
looked in the neeker after beauty."

### Hallowe'en's On The Road

The next holiday and  
festive occasion is Hallowe-  
e'en and you'll want to  
start planning your parties  
and the needed accessories  
therefor are all ready for  
you here.

You'll find that we have  
gathered some of the finest  
things the makers produc-  
ed and the things which  
will add much to the gay-  
ety of the party.

Tom Sims  
Says

A Mount Vernon (Ill.) man who  
poisoned his wife may find he made  
a mistake in not being a rich man's  
son.

Another Senate committee is mak-  
ing another probe. This is regarded  
as a sure sign of a hard winter.

One big vote getter for Coolidge is  
the Washington baseball team did so  
well this season.

Think of the Washington baseball  
team winning so many games, and  
the field probably covered with oil.

The auto industry uses more than  
20 per cent of the rubber supply, the  
rest probably being used for necks.

Women are good looking, but  
funny. One in Illinois who poisoned  
her husband says she loves him.

Robbers stole a Springfield (Ill.)  
bank's safe, the building itself being  
too heavy to carry away.

What people want to know is not,  
"Will it kill the odor of onions?" It  
is, "How about the odor of boot  
legs?"

The papers are so full of the pres-  
dential campaign news it is hard to  
find anything to read.

Bobbed hair is about like all mod-  
ern improvements. It isn't the in-  
ital cost, it's the upkeep.

There is talk of a balloon trip to  
the north pole. Well, the pole will  
be near here before long.

A puncture in the ego is harder  
to fix than one in the auto.

No matter what brand of  
baking powder you use, you may  
have success with your baking  
today—but what about tomorrow  
or next week. Uniformity—un-  
failing success every day in the  
year—that's the biggest mark of  
merit a leavener can have—and  
that's the very thing that has made  
Calumet Baking Powder the pre-  
ferred bake-day aid of America.

If you doubt the unusual  
quality of Calumet, make  
a test—bake a cake with any  
baking powder you may  
select—then use the same re-  
cipe and employ Calumet.

This very test has caused  
millions upon millions of wo-  
men to turn from a baking pow-  
der they had used for years—it  
has proven to them that the "Best  
by Test" leavener is the purest  
that money can buy. For better  
bakings—day in and day out—  
use Calumet.

## SUMMARY OF COMMUNITY HORSESHOE PITCHING SERIES

The following gives an interesting summary of the recent community horseshoe pitching tournament series, in which ten of the best players in Clearfield took part:

| Games Won          | Games Lost | Total Points |
|--------------------|------------|--------------|
| Les. Cowdick       | 8          | 438          |
| S. Boyd Smith      | 7          | 408          |
| W. H. Withrow      | 6          | 426          |
| C. W. Bumbarger    | 6          | 402          |
| Jas. Hudson Jr.    | 4          | 349          |
| Orel Shugerts      | 2          | 282          |
| A. H. Aughinbaugh  | 3          | 341          |
| Ellsworth Schiefer | 2          | 325          |
| James Lischerilla  | 2          | 300          |
| Flake Shugerts     | 1          | 281          |
| Totals             | 43         | 3502         |

Total weight of shoes pitched—7½ tons.

Total distance walked by contestants—22 miles.

As every one of the above games were pitched in the open air, or outdoors, it can be easily seen that this sport is beneficial in many ways.

Comparing these averages by those recently made in the New York State Championship Series, the Clearfield men have made a much better showing.

All men still have the privilege of playing on the Community horseshoe pitching courts at Witmer Park; shoes can be borrowed at the Y. M. C. A. Office.

## I Paid \$5

For these powders once  
By Edna Wallace Hopper  
I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women asked me about powders. I am an actress and a movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth many times its cost. So I have long paid \$5 per box as have others, to obtain the very best.

Each lot was made Hopper to my order. Photo 1923  
Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream. It clings and stays. This I call my Youth Cream Powder. But many women like the powder light and fluffy. So I have this powder made in two forms.

All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my light Face Powder at 50c. Both come in three shades—white, flesh and brunette.

There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that any one who compares them with their ordinary powders will be amazed and delighted. I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

## CLEARFIELD BOY IN LINEUP

Colorado Springs, Colorado, Sept. 27  
Colorado College easily defeated Western State by a score of 20-0 in today's football game in which Blair W. Mann of Clearfield, Penna., took part as guard in the Tiger line in the third and fourth quarters. The line up at the opening of the game was as follows: Tigers: c. Cox; g. Willis, f. Moody; Moody, by Mann in third quarter, t. Brown; t. Schoonover; e. Gray;

RAYMONDSWALES

Daisy St. East End.

e. McDougall, qb, Briggs, lb; Moreland, hb, Hunter, fb, Delaney, West, ern, State; c. Lake; g. Gillispie; e. Axte; t. Higgins; t. Dowy; e. Gorsuch; e. Nurse, qb, Gratton; hb, Taylor; hb, Smythe; fb, Hamm.

MacDonald opened the first quarter by placing the pigskin well down in western territory. Western fumbled for loss on the first down and punted to Briggs. Briggs fumbled and Western recovered. Held for downs, Western attempted to punt. MacDougall blocked and got away with the ball for the first Tiger touchdown. Hunter dropped the ball over the cross bar for the extra point. MacDougall kicked off and Western received the ball on her line.

Western, penalized fifteen yards for holding, punted straight up. MacDougall recovered near her five yard line. First down saw the ball within a yard of goal. On the second Briggs went through the Western line for the second touchdown of the quarter. Hunter executes the second successful goal. Score end of first quarter. Tigers 14. Western 9.

The first quarter displayed a good deal of fumbling and symptoms of nervousness in both teams. Weakness was apparent in the Western line whereas the Tiger line stronger than it had been for several years. Both teams showed backfield strength in line plunges but Colorado College was plainly superior in end runs and passing.

Due to Coach Mendes theory that every deserving man should have as many opportunities at the game as possible about thirty Tigers took part in today's mixup. McAllister, MacDougall and Delaney were the Tiger stars of the day, while every man on the squad displayed formidable evidence of competition for the conference championship.

Never Condense Troubles.

Troubles are best carried one at a time, each one as it comes. The smallest sticks gathered in an increasing bundle became too heavy to lift.

## Oil Fly Ravages Italy.

Italy's plague is the oil fly, which devastates the olive yards. In south-eastern Italy this insect has done \$35,000,000 worth of damage within the last 12 years.

## Can Check Hunger.

According to an Italian physician, the channel from the mouth to the stomach is the seat of the senses of hunger and thirst, which he claims to have suppressed by cocaine injections.

## Use for Cold.

If there is no paste on the label rub a cold potato over the of the paper label and it will stick firmly as if glued.

## Curwensville's Own Column

Citizens of Curwensville are urged to contribute to the work of the Volunteers of America by the purchase of a red tag from one of the youthful workers tomorrow, who are co-operating in helping to put over the drive for the benefit of destitute families of prisoners in this state. Those desiring to help in the sale of tags are requested to come to headquarters at Mr. Fred Robison's, at nine o'clock in the morning for instructions and tags. The tags will be sold for a quarter, dime or half dollar. No sum will be too large or too small to help this worthy cause.

**A Concealed Statue.**  
There is in the Crystal palace, near London, an equestrian statue 20 feet high. In 1850 it was decided to be too heavy to move, and the present grand orchestra was built up around it. Of the millions that frequent the palace, few have any suspicion of the statue's existence.—Scientific American.

**First Voyage Across Atlantic.**  
In 1492, the Santa Maria, a Spanish vessel under the command of Christopher Columbus, traversed the ocean in 70 days. Some historians say that the Atlantic between Norway and Greenland was crossed by Norwegian sailors before the year 1000.

**Character From Laughter.**  
An Indian professor says laughter is a super indication of character than handwriting. The best kind of character is the sign of a moods and a frank disposition. "He who laughs at himself will not be laughed at by others."

OUR PUBLIC DEBT'S  
CUT \$861,000,000  
IN LAST 12 MONTHS

Washington, Oct. 3. (INS.)—The American public debt which cost the taxpayers of the country about a billion dollars in interest this year, was reduced \$861,441,000 in the 12 months ending September 30, the United States Treasury announced today.

The debt in August was cut \$180,000,000, leaving total outstanding obligations of \$20,841,424,950 compared to the maximum of \$25,478,922,113 August 31, 1919.

American Woolen Co.  
Has Order Which Means  
Full Time Balance Of '24

Lawrence, Mass., Oct. 2 (NS.)—The most optimistic news in the textile industry in recent months leaked out today when it was learned that the American Woolen Company here has received an order for 50,000 pieces of cloth. This will keep the local mills running full time until January at least, it is said. The company employs 40,000 operators.

LEATHERMAN FOUND  
GUILTY; SENTENCE IS  
DEFERRED FEW DAYS

Frederick, Md., Oct. 3 (INS.)—Harry Leatherman was found guilty in circuit court here today of being the ring leader of the mob which tarred and feathered Dorothy Gandon on Myersville road last July.

After more than 18 hours deliberation, the jury filed into court this morning and foreman J. P. Tynes announced Leatherman guilty of aiding and abetting Mrs. Mary Sank, one of the confessed leaders of the crowd which attacked the young girl. Leatherman was declared not guilty, however, on account of chasing him with actually pouring tar and feathers on Dorothy's naked body.

Judge Hamon Urner suspended sentence, announcing the case would be disposed of after twenty other persons indicted with Leatherman were tried.

LOCAL ORCHESTRA TO  
MAKE DEBUT TONIGHT

Manager Hartman of the Biggs Theatre offers quite a diversion between shows at the Driggs Theatre on Friday evening when he will exploit the Keystone Orchestra of this city in a specially planned musical program.

The Keystone Orchestra is composed entirely of local boys and the brand of music they are putting forth is making a wonderful reputation for them wherever they appear.

"Fair Lady" is the picture attraction for the evening, featuring the famous Rex Beach story.

MEEKER AND KELLY  
NEARING DAYTON

Moffatt Field, Omaha, Neb., Oct. 3 (INS.)—Blazing an uncharted air trail across the rolling Nebraska prairies, Ezra Meeker, 94, Oregon trail breaker arrived in Omaha today at 10:15 o'clock in the army plane piloted by Lieut. Oakley K. Kelly and resumed the flight eastward today to Dayton, Ohio, at 11 a. m.

Contributing your quarter dime or half dollar to one of youthful workers tomorrow by the purchase of a red heart means helping some of the neediest children in the state. The drive will start at nine o'clock in the morning from headquarters in the community Y. M. C. A. where those desiring to help sell the tags are requested to come for tag and instructions.

The tags will be sold largely in the residential section. Purchasers are requested to display their tags to avoid further appeals.

BUSINESS OUTLOOK  
IS BETTER SAYS  
SAMUEL VAUCLAIN

Philadelphia, Oct. 2 (INS.)—"September was a better month for the Baldwin Locomotive Works than August and October will be better than September," said Samuel Vauclain, president of that company today.

"Our business is the last to feel the impetus of expanding industry," said Mr. Vauclain. "General business is improving and though there are some slack places here and there they will be eliminated as people realize that things are getting better. The business outlook is bright. Increasing car loadings tell the story."

May Wheat Hit A New  
High Yesterday P. M.;  
\$1.50 Per Bushel Quoted

Chicago, Oct. 2 (INS.)—The forecasts of optimists were burned out here today by reports of an acute grain shortage abroad, touched \$1.50.

Predictions that wheat would go to this point came months ago at a time when agriculture was bitterly complaining of the difference between the price which it received from its product and the cost it paid for manufactured goods.

PHILADELPHIA MAN  
GETS CLEMENT POST  
ON P. S. COMMISSION

Philadelphia, Oct. 3 (INS.)—Joseph H. Scattergood, of this city, has been appointed to the State Public Service Commission by Gov. Pinchot to succeed Samuel M. Clement, Jr., resigned. Mr. Scattergood is a banker but has been interested in philanthropic and civic movements for years. He is also treasurer of Haverford College.

The appointment of Scattergood came as a surprise as he had not been prominently mentioned for the place.

MISS DEBBIE READ, OF CURWENSVILLE  
SPENT WEDNESDAY EVENING IN CLEARFIELD

## PENNSY-GRAMS

Philadelphia—Mrs. Emma Bergdoll, mother of Grover Cleveland Bergdoll, refused to discuss yesterday the latest report that the notorious draft dodger has left Germany and returned to this country surreptitiously. Mrs. Bergdoll would not say whether she knows her son's present whereabouts or not.

Philadelphia The Rev. John Bieri proved himself a real "sky pilot" yesterday when he flew over Frankford dropping invitations to attend the opening of the new Sunday School building of the Memorial Methodist Episcopal church.

Reading—Written in a little pocket memorandum book, the will of the late Keyser Frey, manufacturer, was admitted to probate here yesterday. Under its terms almost the entire estate, valued at \$75,000, is left his widow, with the proviso that the money go to establish an orphanage for girls at her death.

FIRPO TO REMAIN;  
CURRAN FINDS NO  
REASON TO DEPORT

New York, Oct. 3. (INS.)—Louis Angel Firpo's chances for remaining in the United States as long as he wishes brightened today following the favorable report of Immigration Commissioner Henry H. Curran to the Department of Labor. Curran saw no reason why the Argentine fighter should be deported.

Canon Chase, who sought the fighter's deportation before the Williams match, indicated through his attorney that he would not consider the case ended. Chase charged that Firpo brot a woman to America for immoral purposes.

"Shenandoah" May Fly  
Over Clearfield On Its  
Journey To California

Lakehurst N. J., Oct. 2 (INS.)—Two routes over which the dirigible "Shenandoah" may fly when it leaves here for the Pacific Coast next Tuesday, were made public at the Naval Air Station here today.

Weather conditions will determine which route Commander Zachary Lansdowne will take from here to Fort Worth, Texas, but the route thence to Seattle, Washington, and back to Lakehurst, will not be changed by the barometer.

The "fair weather" route to Fort Worth, covering 7,890 miles, will be via York, Pa., Cumberland Md., Dayton, Ohio, Paducah, Ky., and Little Rock, Ark. The "foul weather" route a distance of 8,220 miles, runs thru Dover, Del., Richmond, Va., Winston Salem, N. C., Atlanta, Ga., and Birmingham, Ala.

SPARTANSBURG, S. C.,  
OIL TANK DISTRICT  
SWEEPED BY FLAMES

Spartanburg, S. C., Oct. 3 (INS.)—At noon today the oil tank fire which has threatened the business district of this city since early this morning was raging as fiercely as ever with little chance of getting it under control.

City officials have appealed to Anderson and Greenville for fire apparatus to assist the Spartanburg fire department. People are moving from buildings near the conflagration, continuing in fear of a huge explosion. More than 2 million gallons of gasoline and oil are in the tanks which now are considered lost.

Spartanburg, S. C., Oct. 3 (INS.)—Flames today swept Spartanburg's tank district, three blocks from the heart of the business district, where more than two million gallons of gasoline and oil are stored. The fire, of undetermined origin, broke out about 7:30 a. m. among the gasoline tanks of the Blackburn Oil Company. Other companies possessing tanks in the vicinity of the fire are the Standard, National, Texas and Gulf Companies.

COMMERCIAL CLUB  
MEETING POSTPONED

The meeting of the Clearfield Commercial Club which should be held on Monday evening next will be advanced to October 13th in order that the Club may avail themselves of the opportunity to hear Miss Gannaway, a near East Relief lecturer who will have a special message for the Club.

Washington, Oct. 2 (INS.)—America's 1924 wheat crop will put \$1,000,000,000 in the hands of the farmers, secretary of the treasury Mellon announced today following an investigation of the situation at Chicago by Eugene Meyer, Jr., managing director of the War Finance Corporation.

"It is a matter of great satisfaction that this year's great wheat crop was grown on a ten per cent smaller acreage than last year's," Mellon said.

BIG THREE GO INTO  
ACTION TOMORROW  
IN FALL GRID TEST

New York, Oct. 3 (INS.)—With the Big Three going into action for the first time and four games scheduled between teams of more than ordinary importance, the 1924 football season will be on in earnest tomorrow.

The biggest games on the card call for meetings between Wisconsin and Iowa state at Madison, Wis., Nebraska and Illinois at Lincoln, Neb., Ohio State and Purdue at Columbus and Pittsburgh and Lafayette at Pittsburgh.

Nebraska, Nemesis of Notre Dame and Illinois, joint holders with Michigan of the Western conference title should furnish the fireworks. It is one of the heaviest games ever scheduled in the early season.

Of the big three Harvard will get under way against Virginia at Cambridge, Yale will play North Carolina at New Haven and Princeton will take on Amherst at Princeton. The three come under the head of practice sessions.

Other games of importance scheduled are: Dartmouth vs. McGill at Hanover N. H., Chicago vs. Missouri at Chicago; Cincinnati vs. St. Mary's at Berkeley; Cincinnati vs. Georgetown at Cincinnati; Georgia Tech. vs. Virginia Military Institute at Atlanta; Cornell vs. Niagara at Ithaca; Northwestern vs. South Dakota at Evanston, Ill.; Penn State vs. North Carolina State at Raleigh, N. C., and Syracuse vs. Mercer at Syracuse.

Local Grid Season To  
Open Here Tomorrow;  
Groundhog On Menu

When Clearfield Hi takes the field tomorrow at three o'clock against Punxsy High, the 1924 season will be officially opened.

In comparison with last year's initial contest everything is expected to be "bigger 'n' better." The team itself will be considerably better than the one opening last season while indications point to a large crowd being on the somewhat improved gridiron at the Park.

Clearfield Hi students are putting thru a ticket campaign that is meeting with steady success among High School and Junior High students but the outsiders are a little slow in buying. The local fans supported their team fairly well at Cooper last Saturday but they must come in large numbers at home to support a winner properly here this season. The team will be a winner with proper support.

The local authorities intend starting an "anti-back door" campaign against the persons appearing on or near the field without the customary card board. Tickets will be on sale at each gate and any person who is the least bit anxious to see the game should not let himself forget a ticket in his over-anxiousness, or a return trip ticket will be given.

The Red and Black has a big year ahead, not only in football, but in being able to pay for good football. Lately Clearfield High has advanced into a higher class of schools and in playing with these more money is needed than in former years. As a result the local board makes the statement that in 1918, \$200 paid the expenses for the entire season, while this year we meet three teams whose guarantees are very near that and when all is settled up these games will each cost in actual money about \$400, which will be the cost of every conference game. Johnstown, Lock Haven and another school close by, which means that the support must be that much greater, and with it the team will be a winner or that much better. So do your bit and the team will guarantee to give a good account of itself.

Tomorrow's game will mark the second appearance of both Punxsy and Clearfield on the gridiron for this season. Each scored a victory against their opponents in the opening fray and both hope to repeat in this game. On form "our own" look like the best bit as they downed Cooper 76-0, while Punxsy was only able to throw Big

NEW ROAD OPENING  
IS GREAT EVENT FOR  
HOUTZDALE-MADERA

The whole people of the eastern and southeastern end of Clearfield County took the afternoon off yesterday for the sole purpose of celebrating the opening of the last link in the improved road connecting Madera and Osceola via Houtzdale.

The opening hour was set for 2 o'clock and when that time arrived each of the towns of Osceola, Houtzdale and Madera mobilized both their man power and their means of transportation in preparation for their first trip over the new road. This road was built in two sections, one of two and the other of two and one half miles, and were located one on either side of Houtzdale.

The Houtzdale people trekked to Madera and were joined there by Pusyville's outpouring and headed by Charley Maxwell's famous Morris Band made the trip back down over the new road connecting these two towns and were joined at the Houtzdale borough line by Osceola's delegation and a joint tour of the connecting link between Houtzdale and Osceola was made. It was a wonderful turnout the line of cars extending for nearly two miles.

When the round trip of the road had been completed the assemblage repaired to Sherker's Opera House in Houtzdale, where a speech-making program was carried out. Harry Sweeney presided and addresses were made by Hon. Singleton Bell, Hon. W. J. Betts, Hon. H. B. Scott, Judge John B. McGrath, Charley Maxwell, Hon. G. B. Jones, County Commissioner Welmer, Burgess Clouser, of Houtzdale, and many others.

At the conclusion of the speech-making a banquet was served at the Louis LaChance restaurant, at which about fifty representatives of the towns of that region and Clearfield participated. John Scollins, who was unable to attend the afternoon meeting was the chief speaker, and in the course of his remarks advocated a movement that would make possible a cheap accident insurance for automobile travelers, such as is enjoyed by passengers on railroad trains, who can buy protection on such trip for 25 cents per day.

Other speakers were John M. Bain, Charley Maxwell, Billy Burns, Mr. Ganoce, John B. McGrath, T. V. Gould, J. D. Connolly, Judge Singleton Bell, and Jake Luxemburg, who now advocates an improved road to Atlantic around the back way so "Squire Charley" Roach can't find it.

The affair was a highly enjoyable one and greatly enhanced the already fine reputation of Houtzdale people as hosts and entertainers.

Run High by a 12-0 score.

The victors will center their play around Steve (Firpo) Zedick, their big husky captain. "Big Steve" is possessed of both speed and weight and is a hard man to stop. Clearfield looks to "Mickey" Mann to do the trick tomorrow, however.

Clearfield's lineup will, in all probability, be the same as started last week, but a quick shift is within the possibilities.

The probable line-up of the two teams follows:

| Clearfield | Punxsy |
|------------|--------|
| Mohney     | LE     |
| Witherow   | LT     |
| Hughes     | LG     |
| Mann       | C      |
| Dale       | RG     |
| Thurston   | RT     |
| Johnston   | RE     |
| Mitchell   | QB     |
| Barnie     | LH     |
| Wilson     | RH     |
| Bowes      | FB     |

Mrs. Ruth Butler, of Lawrence township, whose "chicken farm" was raided a couple of months ago and a small quantity of liquor found, entered a plea of guilty of the illegal possession of liquor yesterday and was directed to bring her five or six children into court today in order that they may be taken in charge by the authorities, where the woman is to be sentenced to leave the county and remain outside its borders.

HAVE YOUR LIGHTS  
ADJUSTED FREE AT  
MARKET AND LOCUST

Local motorists will have the opportunity of having the lights on their automobiles, properly focused free of charge at a "focusing demonstration" to be held on Front street Monday evening next. This demonstration has been arranged for by the local automobile dealers who have arranged with W. J. Davis of Altoona, an expert on lighting, who was drilled and educated along this line by O. L. Johnson, of the State Highway Dept. to conduct same.

The demonstration will be given on the block between Market and Locust street, the necessary screens to be erected just above Locust street. When defects are found in the lights of any machine mechanics from the local garages will be on hand to remedy same at once and without charge to the car owner.

Butler And Kendrick In  
Conference At City Hall  
Late Yesterday Aft'noon

Philadelphia, Oct. 2 (INS.)—Gen. Smedley D. Butler returned to City Hall today after ten days of illness and heard the glad news from Mayor Kendrick personally that he is to be retained as Director of Public Safety.

After a conference between the two, lasting nearly an hour, the Mayor announced "some situations heretofore misunderstood" were cleared up and the General announced the Mayor treated him "as I hope I will be strong enough soon to treat my subordinates."

How long the General will retain his post, however, is still a mystery as neither would comment on this.

Russell Bishop entered a plea of guilty to the possession of liquor, and as he had the same for his own use and had been in jail for some time, he was sentenced to pay the costs.

"ON WITH THE WORLD'S SERIES", SAYS  
JUDGE LANDIS; BRIBERY CHARGES TO  
BE THOROUGHLY INVESTIGATED LATER

By GEORGE BARY  
I. N. S. Staff Correspondent.

Washington, Oct. 3.—The tempest kicked up by baseball's newest scandal a lays somewhat today—but it was the opinion of baseball men gathered here for the opening of the World Series tomorrow that it is only a temporary lull.

Few doubt that once the series is out of the way, a man sized storm is going to rock the national game, and on every hand today the question was being asked:

"What will it lead to?"

For the time being, Judge K. M. Landis is going to devote his time to conducting the world series. He is content to leave things stand as they are for the present.

Jimmy O'Connell, the Giants' young outfielder, has confessed that he sought to bribe Heine Sand, the Phillies shortstop in the closing days of the National League season; O'Connell and Cozy Dolan, the Giant Coach, have been shunted out of base ball for all time—and on this Judge Landis is willing to rest.

With a deprecatory wave of his hand he has decided that there is nothing to O'Connell's story that Frankie Frisch, Pep Young and George Kelly, the backbone of the Giants team were "in on the whole thing."

"An abortive attempt was made to bribe a ball player to throw a game," said the Judge. "The attempt failed. That is all there is to it. Why call off the series?"

This last was the Judge's answer to Ban Johnson, President of the American League and Barney Dreyfuss, owner of the Pittsburgh Pirates both of whom declared the Worlds Series should have been called off.

The white haired czar of the game also had some curt advice for Messrs

PHILIPSBURG MAN  
BURNS TO DEATH  
IN MINE SHANTY

The charred remains of "Dewey" Stratton, who lived alone in a shanty at the Rusnak mine in Rush township, were found Wednesday morning in the ruins of the shanty, which had been destroyed by fire during the night or early morning.

The Rusnak mine property is in the wilderness beyond Horn's Heights, about a mile to the left of the main road. Stephen Rusnak, of Ninth street, the owner and operator of the mine, with his two sons, John and Martin, reached the scene about 6:30 this morning, intending to go to work. They were much surprised to find the shanty in ruins and part of it still burning.

When Stratton was not to be found they began a search through the burning embers. They were horrified to find the man's body in the ruins and a dead mule, which had been stabled in a part of the shanty, and two dead dogs in the apartment with Stratton.

A quart bottle half full of moonshine remained mute evidence of the probable cause of the awful happening.

"Dewey" Stratton was aged 32 years. His christian name was Roy, but nearly everybody hereabouts knew him as "Dewey." His parents are both dead. He had been employed at the Rusnak operation for months past.

## ATTENTION LUTHERANS

Services preparatory to the Holy Communion will be held in St. John's Lutheran church this evening at 7:30. It is important that every member be present both at this service and the service on the coming Lord's Day. Come and receive a blessing.

## MT. ZION SUNDAY AFTERNOON

Preaching by the pastor. A goodly turn out is desired. Important matters will be presented.

Chicago, Oct. 2 (INS.)—A Chicago elevated conductor; a South Side restaurant keeper; a Wisconsin game warden—this is the record of three of eight former baseball stars, the once famous "Black Sox" sunk to obscurity since the graft scandal of 1919.

The three accounted for the Oscar "Happy" Felsch, center-fielder, now a game warden in Wisconsin; George "Buck" Weaver, third baseman, now a restaurateur; and Fred McMullin, utility, conductor.

The others have dropped from sight. Several are playing with a fly-by-night professional ball team.

## JURY FINDS KLUXER TOOK LAW INTO HIS OWN HANDS IN W. VA.

Fairmont, W. Va., Oct. 3. (INS.)—James A. Landis, who with 10 others, alleged Ku Klux Klansmen, was charged with felonious shooting of Daniel Washington, a negro, last February, was found guilty by a jury here last night after short deliberation.

The trial of Landis aroused great interest in the countryside and large crowds have attended the proceedings since they began.

According to testimony at the trial, Washington made advances to a white waitress in the restaurant where he was employed as a cook. The woman arranged a meeting with Washington but told her plans to the men charged with the attack. When Washington reached the scene where he was supposed to meet the waitress, he was seized, beaten, and left on the ground for dead.

Philadelphia, Oct. 3. (INS.)—Gas, escaping from an open jet directly beneath them, killed Mrs. Minnie Schleicher and her three-year-old daughter last night as they lay in bed at their home here. An infant son in the same room was saved by the quick action of the father, Harry Schleicher, who snatched him from his bed and carried him to a police station where he was revived. Police are at a loss to account for the jet being opened. It is thought the little girl may have reached up and pulled it open unknown to the mother.

## MINERS NOMINATE DISTRICT OFFICERS ON OCTOBER 14TH

Mine locals of District No. 2 U. M. W. of A., will nominate on the second Tuesday of October, candidates for president, vice president, secretary-treasurer, one national board member, nine district board members, nine organizers and nine assistant board members. The election will be held the second Tuesday of December.

President John Brophy will have opposition for the presidency, Samuel Hunter, of Rossiter, being a candidate. Jerry Ford, of Patton will oppose James Marks, of Clearfield, for the vice presidency. Richard Gilbert, secretary-treasurer of the district organization since its inception, it is understood, will have no opposition.

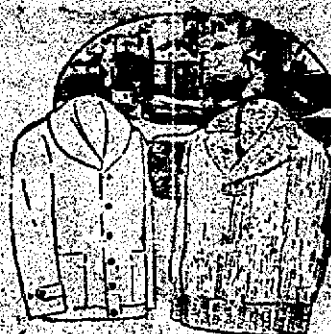

John Ghizzoni, of Homer City, national board member, will be opposed by George Bassett, of South Fork, and perhaps others. For district board member H. E. Carlett, of this city, will have as opponents Joseph Yurchak, of Anita, and Clarence Cauffman, of Sykesville and perhaps two or three others.

For assistant board member, Frank Daddario, the present incumbent will have considerable opposition.

The endorsement of three mine locals is necessary to place the name of any candidate on the ballot for the general election.—Punxsutawney Spirit.

## ODDS AND ENDS AND THIN

By J. D. C.

Which is the oldest ad in America? Samuel Hardorch of Pittsburg, assistant seer of the Pennsylvania Railroad co., secretary of the Pennsylvania company, the "Panhadde" Railroad, and president of the Carnegie Institute, believes that the Pennsylvania Railroad is a valid claim to the title. The historical researches trace first use of the corporate name "Pennsylvania Railroad," back to a charter granted 101 years ago. Conclusions are embodied in a book Mr. Samuel Rea, president of Pennsylvania Railroad company, in part, follows:

"I feel convinced that the first and therefore oldest railroad in the United States, starting with the organization of the project on May 1823, and following it through time, Sept. 20, 1832, when the completed unit became an operating enterprise, is the Pennsylvania Railroad. Colonel John Stevens is the father of the Pennsylvania Railroad, for it was in his brain that project was first conceived. Indeed, not going too far to say that the father of the American railroad is general."

"On March 21, 1823, he was delighted to receive a bill from the legislature of Pennsylvania, the first ever granted to a railroad company in that state, incorporated The Pennsylvania Railroad Co. This charter authorized the construction of a railroad from Philadelphia to Columbia, and the act declared the enterprise should be called 'Pennsylvania Railroad,' and who be 'constructed on the plan under the superintendence and direction of the said John Stevens' and the incorporators named in the charter were Stephen Girard and Benjamin Stevens caused suit to be made and freely spent his money in the enterprise."

"From July 17 to 25, 1823, he accompanied by Charles Lepractical civil engineer, was engaged in making a preliminary survey of the route for the proposed railroad from Philadelphia to Columbia."

"In April, 1823, Major Wilson began the location of the Pennsylvania Railroad with a corps of men at Columbia, and the actual proceeded from day to day thence."

"A report upon 29 miles of line from Columbia to the site of N. M. Ridge was made April 15, 1823, another report on the remainder of the line Dec. 1, 1823. In 1829, forty and a half miles of road was put under contract to be constructed by the original survey made by John Edgar Simpson, afterwards president of the Pennsylvania Railroad Company, Joshua Scott, Robert Pettit, John Bailey, Samuel W. Milford, William H. Wilson, J. Binton Moore, and J. D. C."

"In 1934 transportation from Philadelphia to Pittsburg was opened up as follows: Philadelphia to Columbia, over the Pennsylvania Railroad, 81 miles; State Canal from Columbia to Hollidaysburg, 147 miles; Allegheny Portage Railroad to Johnstown, 37 miles; and canal to Pittsburg, 107 miles, forming a line 172 miles long, the longest except the natural water courses, in the United States."

F. S. Johnston, a farmer near Morton, Kan., harvested a bumper crop of wheat from seed that he says came from an Egyptian tomb. He said he got the seed four years ago and this year the increase was enough to plant fifteen acres. This crop netted 725 bushels, an average of 48.6 bushels to the acre. The grain is white and very hard, the straw short and the heads prolific.

Prof. J. S. Illick, tree expert with the State Department of Forests and Waters, whose new book "How to Know the Hardwoods," published by the American Nature Association, is just off the press, hopes for the future of the chestnut tree in Pennsylvania, which has been on the decline in this state ever since the blight arrived about twenty years ago.

Investigations conducted by the State Department of Forests and Waters into the after effects of the blight leads Prof. Illick and other department officials to believe that blight-immune trees may gradually develop in Pennsylvania. Young sprouts which have stood four years

ages of the blight have been discovered.

"Sprouts spring up from the roots of trees killed by the blight. At first one attack of blight killed off the young sprouts. Now sprouts have been found which have withstood four attacks. Ultimately it is hoped that the sprouts will become immune and that the chestnut tree may again find a place in Pennsylvania forests."

### MUSIC WAS REAL TREAT

Among the artists who contributed to the very successful reception given to the teachers by the Woman's Club were Mrs. Oscar Shaeffer, who, in her finished manner played the accompaniment for Mrs. Russell Williams and Mrs. Max Gallaher's accompaniment to Victor Meredith's solos. The "J. Pagliacci" music is very difficult and Mrs. Gallaher rendered it in a delightful manner.

Mrs. Mary Abernathy, of Cooper township, was drawn as a juror this week.

## to regain Strength

—brings joy to you and your friends.

EVERY man, woman and child wants to have strength and correct weight. It means the joy of living. To be minus strength and underweight, often proves a low fighting power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red blood cells, you begin to become plus. That's why S.S.S., since 1826, has meant to thousands of underweight men and women a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body.

More red-blood-cells! S.S.S. aids Nature in building them by the million! There are no unproven theories about S.S.S., the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities. Begin taking S.S.S. today. It will give you more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

### Style Notes On Fall Coats

Full length tuxedo revers of rich fur impart a tailored feeling to many a wrap favored for autumn.

### Suede-like

The smartest coat fabrics have a suede-like texture, almost leather like, but beautifully soft. Their luster is not brilliant, but very rich.

### Ruddy Browns

The reddish, bronze tones characterize many of the handsomest coats, while other fashionable ones are in shades of grey or tan.

### Sprightly NEW HATS

These new hats are truly a charming finishing touch to the Fall ensemble. Close fitting little hats, hats with a slight droop to one side, hats of felt and hats of velour. And we have made a special of a lot of these for tomorrow's selling. Extraordinary values at

## Autumn Colors Prevail In These New Dresses

When one of the famous artists was asked how he conceived his wonderful colorings, he replied, "I take them from Nature". And how true it is with these new Fall dresses. The bright colors of Autumn are truly set forth and the trim silhouette more or less accentuates the colorings. Buttons, of course, are profusely used in the trimmings and with some other new novelties, these dresses are real works of art. Silks and the various Fall cloths are among the materials.

## PIONEER TRANSPORTATION

There is unusual appeal in the flight of Ezra Meeker from Seattle, Wash., to Dayton, Ohio, in an army airplane, to see the air races. Meeker is 90 years old. On his journey east by this most modern type of transportation, he has followed the trail he took when, as a young pioneer, he traveled west in an ox cart. What memories must have been aroused as the old man flew!

Every kind of pioneering is an improvement at the time, and yet it comes to be regarded as slow, backward, inefficient and dull. Half a century hence that airplane flight eastward may appear almost as crude pioneering as the ox cart method appears now.

## MOVING FREIGHT

A representative of the American Railway Association remarks, with pardonable pride, that railways and shippers together are "shooting the freight through". With heavy fall traffic, resulting from crop-moving, there are no traffic jams and few delays. There is every prospect of continued prompt service if business in general speeds up, throwing a greater burden on the railroads.

For this improvement the railroads themselves deserve high praise, but the public comes in for a large part of it. There is at work an effective organization of regional shippers' committees co-operating with the transportation lines. There are stricter rules in force for loading and unloading, and other causes of delay, than there used to be, and shippers are living up to them. Cars, full or empty, are no longer held on sidings indefinitely. That amounts to making a great increase in the number of cars in service. Freight trains are moved faster, too, and there are more cars in a train.

American railroads are getting into their old-time form—with modern additions—and showing the world how to transport freight.

## PSYCHOLOGY OF LIGHT

Window display artists say that a green light thrown on porch furniture and summer clothing in a store window makes them seem more desirable to the public. Also that clear daylight makes men's clothing attractive; that amber light lures women to fall clothing; that red and amber make home displays pleasing and that women simply cannot resist underclothing displayed in a pink light.

There must be a great deal more in light and color than people have suspected. Full use of these factors may make the fortune of a merchant or manufacturer.

And why confine the benefits of such knowledge to business purposes? The application of lighting psychology to home decoration has hardly begun. People usually "know what they like" in the way of color, or fancy they do, but few have any real notion of the effect different colors have on their spirits and health. The next generation may see great progress along that line.

## WISHBONE OR BACKBONE?

By FLORENCE DAVIES

Are you a dreamer or a doer? Most of us are something of both. Sometimes we find ourselves wishing for what they think they would like best in the world. Ten to one they wouldn't like it at all if they could get it, but they won't get it, for they are doing nothing to put themselves in touch with it, whatever it may be.

"I wish I had—," "I wish I could—," "I wish I were—"

We hear it so often, from others, or from ourselves.

"Can't some of you help put this girl in an art class? She is such a dreamer, always drawing things and not good for much of anything else," a social worker asked a group of club members the other day. It came out that one, a young business woman, had tried the girl out in her decorative arts studio. "Took no interest in the work at all," she reported. Only a wish, you see, that she had a career, for there was plenty of

chance to make good at the studio if the dreamer had been in real earnest.

A little black-eyed, curly-haired girl was leader in a group of playmates long years ago, before the word "pep" had been invented. But Nellie had pep in plenty, as her slower mates were made to realize. Quick as a flash in thought and act, the words tripping over each other on her little tongue, she was the acknowledged boss of the playground.

"Want to be teacher?"—or doctor, or lady caller or whatever the game called for—she would ask; for Nellie was not one to seize on the star part for herself. Then, when the slower witted child was taking in the suggestion at leisure, the tart command would ring out: "Do it 'en."

Memory brings back the little playmate's words across the years, oh, so many times. Do you want to have, or be, or do this or that?

Then don't sit down and wish. Up and at the obstacles in your path. Out and after whatever it is you seek. "Do it 'en."

## In the Courts

John Grabosky, of DuBois, was acquitted in criminal court yesterday afternoon of a charge of violating the motor law, the case growing out of a wreck in which Grabosky's car figured over at DuBois several weeks ago.

Lester Shiner, of Hyde City, who was charged with assault by Frances Snyder, also of Hyde, was acquitted by the jury which heard the evidence. The case was tried yesterday afternoon and evening. A spirited defense of Shiner was made by J. Mitchell Chase. The jury were out all night, agreeing upon their verdict about 6 o'clock this morning.

The case of Com. vs. Fred Travis, who was tried at last court on the charge of having criminally assaulted a school teacher near Morrisdale, the jury failing to agree, was again scheduled for trial at this term. His case was continued until December term on application of the Commonwealth yesterday because of the absence of State Motor Patrolman Morene. Morene has since left the

service of the State and could not be located when wanted.

The following cases were continued until December term of court: Michael Kanoska, liquor; Gus. Mahute, Motor; Nicholas Panko, liquor; William Maroon, motor; Boyd Waple, motor-liquor.

Nolle proes were entered in the cases of Nick Baglos, attempted rape and Martin Jacobs, liquor.

The case of Com. vs. Paul Cutler, larceny of coal miners tools, was taken up this morning. Clarence Kramer is conducting the prosecution and J. Mitchell Chase the defense. A verdict of guilty was rendered and Cutler was sentenced to pay \$1 fine and costs and serve not less than one and a-half nor more than three years.

Merely a Popular Idea. There is no scientific basis for the statement that "It is always darkest before dawn." According to the United States weather bureau, there is not.

Thought for the Day. Christianity is larger than any definition of it, and is social rather than theoretical.

## Market News

## GRAIN CLOSING

Chicago, Oct. 3. (INS.)—The grain market proved unable to hold spectacular advance of yesterday and after shooting upwards again at the opening today met with realizing sales which proved too heavy for absorption causing the market to slump off at the close.

Wheat finished 3-4 at 1 3-8 closed 1.7-8 to 2 1-2 off; oats finished 1-2 up to 1 cent off.

The May delivery of wheat which soared over the \$1.50 mark yesterday and went further early today toward the \$2 mark which it is now predicted it will hit, met the greatest decline as profit taking developed but it was only fraction under \$1.50 at the close. Buying by seaboard and foreign houses was less important today but traders continued to express bullish sentiment and the undertone of the market was strong.

## Effects of Warm Rain.

When a warm rain occurs over a snow-covered region it is not the rain so much as the warm wind that melts the snow. An inch of rain at 50 degrees Fahrenheit could melt only three inches of light new snow or one inch of old snow.

### Tries Kellogg's Bran—restores health after 12 years of intense suffering

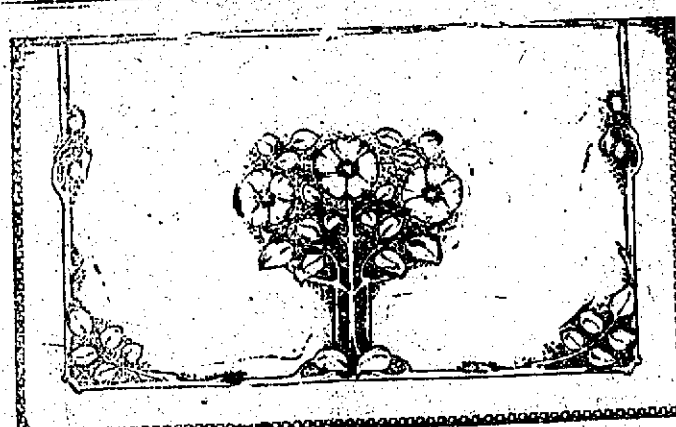

Mr. Firth writes that he suffered for 12 years from constipation and his friend for 10 years—a total of 22 years' suffering permanently relieved by Kellogg's Bran, cooked and krumbled.

Gentlemen:  
For 12 years I had been troubled with indigestion, caused mostly by constipation. Until about a year ago, I would suffer from 4 to 20 weeks at a time.  
I happened to see your Krumbled Bran in a store, purchased a package and got almost immediate relief. I am still eating the Krumbled Bran every day.  
The most wonderful results obtained with your Krumbled Bran I will now relate. A gentleman who has been taking medicine for about 10 years for constipation

could not find anything to give him relief. Three weeks ago I advised him to try Krumbled Bran, as I had told him what wonderful results I had gotten from it. The results were in question, purchased a box, and he told me that for the first time in ten years he is regular without taking medicine.

Yours for health,  
William Firth, Jr., 55 Vesey St., Merchantville, N. J.

Eaten regularly, Kellogg's Bran is guaranteed to relieve the most chronic case of constipation, or your grocer returns your money. Eat two table-spoonfuls daily—in chronic cases, with every meal. The flavor is delicious. Try it in the recipes on every package. Made in Battle Creek. Sold by all grocers.

## You Can't Get Away From Them

Maybe you think you're getting along without ever coming in contact with the Progress' Classified Ads.

Well, maybe you are—and then, maybe you're surrounded by them all the time!

Remember, when you went out to your friends' for dinner the other evening—their cook had been engaged through a Progress Help Wanted ad a few days before.

Didn't one of your friends recover a lost watch not long ago. Didn't another one just pick up some unusual bargains in slightly used furniture through the Progress' Classified Columns?

Look around you—any day, anywhere—and you'll find that you're never far from the universal service of Progress Classified Ads.

Maybe there's a hint in this for you—to start reading the ads on the Classified page today!

## DOLAN, ILL, CRIES OUT INNOCENCE IN BASEBALL BRIBERY

(Wright, 1924, International News Service.)  
New York, Oct. 2 (INS).—The  
nerves of Cozy Dolan, one of  
the most picturesque characters in  
baseball and once one of its greatest  
diamond pinchers, snapped today  
in the result of his suspension with  
out any bribe in the New York  
baseball scandal. Dolan, col-  
laring from the shock, was confined  
to his bed, from where he feebly sent  
a denial of any guilt.  
In another bed in his home at 3300  
Madison avenue, the wife, who will not  
even say anything, except that he is in-  
nocent. She too, had collapsed and  
at the night in crying.  
Dolan raised himself from his sick  
on his powerful throwing arm  
echoed the cry of Jimmy O'Con-  
nell, "they made me the goat."  
He replies to Commissioner Landis  
been misconstrued," he said,  
only. "He asked me if I had  
talked to O'Connell before the game  
I answered 'I don't remember.' It  
was a matter of mine. I never say  
anything in a conversation.  
I'm covering up for any one.  
You know what it's all about. You  
say it—anybody that's followed  
baseball knows it—I've always had an  
orrible career."

Dolan will bear out that last sen-  
tence of Cozy Dolan's.  
Dolan, by virtue of a career that  
he him, was one of the col-  
d individuals to whom baseball  
proudly ever since his huge  
appeared on Major League  
baseball diamonds. It was a Dolan  
rent than him who lay weakly in  
today, his gray hair grayed  
usual.  
My wife still believes in me," he  
said, brightening. She told me  
could have tried to explain that 'I  
remember' to the Commissioner.  
I did try. I found out then he had  
gone to Washington.  
Dolan nearby confirmed what  
he said. He thinks still he can  
say that he is the "goat."  
at Cozy said she subscribed to  
a century, save his surrendering:  
too late now."

The body found float-  
ing in the Susquehanna River at Per-  
thuis, Md., yesterday, was identified  
as that of Theodore Schlus-  
singer, Steeple mail carrier,  
disappeared from home Sept. 25.  
Schlusinger, in ill health for several  
months, disappeared while on his  
way to a lodge meeting three blocks  
from his home. State police were  
in, fearing foul play.

Another Paradox.  
The philosopher in my little journey  
bedtime to bedtime," said the al-  
philosopher, "that the fellow who  
himself on being blunt in his  
can ask some very pointed  
questions."

Clay Long in Congress.  
Clay Long was elected speaker of  
house of representatives six times,  
times: In November, 1811, Twelfth  
congress; in May, 1813, Thirteenth con-  
gress; in December, 1815, Fourteenth  
congress; in December, 1817, Fifteenth  
congress; in December, 1819, Sixteenth  
congress; and in December, 1823, Eight-  
eenth congress.

"Gusher's" Day Never Long.  
There is a certain class of people  
whom the gushing person will  
be hearing, but this is merely be-  
cause that particular class enjoy  
very, an art in which the gusher  
particularly skillful. But, take  
the whole, human nature appreci-  
ates frankness and sincerity. And  
so two qualities give to the ex-  
pression which is not to be over-  
looked in the neeker after beauty."

## Hallowe'en's On The Road

The next holiday and  
festive occasion is Hallowe-  
en and you'll want to  
start planning your parties  
and the needed accessories  
therefor are all ready for  
you here.

You'll find that we have  
gathered some of the finest  
things the makers produc-  
ed and the things which  
will add much to the gay-  
ety of the party.

A Mount Vernon (Ill.) man who  
poisoned his wife may find he made  
a mistake in not being a rich man's  
son.

Another Senate committee is mak-  
ing another probe. This is regarded  
as a sure sign of a hard winter.

One big vote getter for Coolidge is  
the Washington baseball team did so  
well this season.

Think of the Washington baseball  
team winning so many games, and  
the field probably covered with oil.

The auto industry uses more than  
20 per cent of the rubber supply, the  
rest probably being used for necks.

Women are good looking, but  
funny. One in Illinois who poisoned  
her husband says she loves him.

Robbers stole a Springfield (Ill.)  
bank's safe, the building itself being  
too heavy to carry away.

What people want to know is not,  
"Will it kill the odor of onions?" It  
is, "How about the odor of boot  
legs?"

The papers are so full of the pres-  
dential campaign news it is hard to  
find anything to read.

Bobbed hair is about like all mod-  
ern improvements. It isn't the in-  
ital cost, it's the upkeep.

There is talk of a balloon trip to  
the north pole. Well, the pole will  
be near here before long.

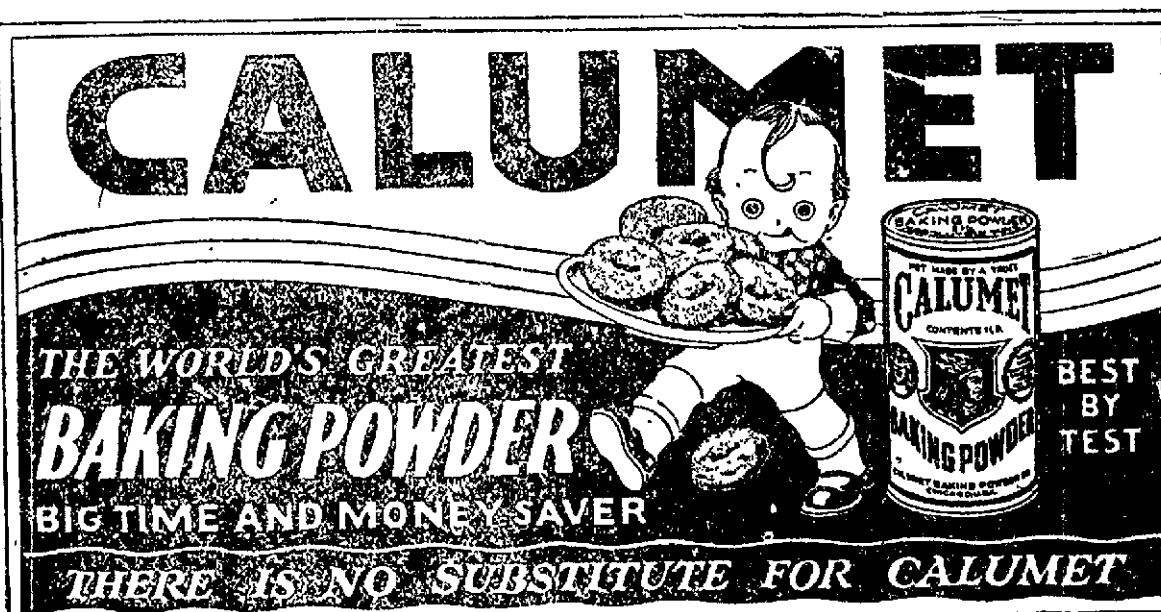

A puncture in the ego is harder  
to fix than one in the auto.

"Parsec" Is a Long, Long Way.

A "parsec" is a distance that the  
most zealous pedestrian would hardly  
care to walk before breakfast. In  
fact, it doesn't enter into the sphere  
of human operations at all, but it is  
a handy unit in astronomy. It is  
equal to 20,000,000,000,000 miles and  
is the distance traveled by light in  
3.3 years. A few of the nearest stars  
are from one to five parsecs distant  
from us, but most of the stars that  
dot the sky are scores or hundreds  
of parsecs away.

Island of Guam.  
The Island of Guam, in the Pacific,  
which we acquired in 1898, is 5,011  
miles from San Francisco and 1,500  
miles from Manila. It is 30 miles  
long and 100 miles around, and boasts  
a population of 13,000.

No matter what brand of  
baking powder you use, you may  
have success with your baking  
today—but what about tomorrow  
or next week. Uniformity—un-  
failing success every day in the  
year—that's the biggest mark of  
merit a leavener can have—and  
that's the very thing that has made  
Calumet Baking Powder the pre-  
ferred bake-day aid of America.

If you doubt the unusual  
quality of Calumet, make  
a test—bake a cake with any  
baking powder you may  
select—then use the same re-  
cipe and employ Calumet.

This very test has caused  
millions upon millions of wo-  
men to turn from a baking pow-  
der they had used for years—it  
has proven to them that the "Best  
by Test" leavener is the purest  
that money can buy. For better  
bakings—day in and day out—  
use Calumet.

## SUMMARY OF COMMUNITY HORSESHOE PITCHING SERIES

The following gives an interesting summary of the recent community horseshoe pitching tournament series, in which ten of the best players in Clearfield took part:

| Games Won          | Games Lost | Total Points |
|--------------------|------------|--------------|
| Les. Cowdick       | 8          | 438          |
| S. Boyd Smith      | 7          | 408          |
| W. H. Withrow      | 6          | 426          |
| C. W. Bumbarger    | 6          | 402          |
| Jas. Hudson Jr.    | 4          | 349          |
| Orel Shugerts      | 2          | 282          |
| A. H. Aughinbaugh  | 3          | 341          |
| Ellsworth Schiefer | 2          | 325          |
| James Lischerilla  | 2          | 300          |
| Flake Shugerts     | 1          | 281          |
| Totals             | 43         | 3502         |

Total weight of shoes pitched—7½ tons.

Total distance walked by contestants—22 miles.

As every one of the above games were pitched in the open air, or outdoors, it can be easily seen that this sport is beneficial in many ways.

Comparing these averages by those recently made in the New York State Championship Series, the Clearfield men have made a much better showing.

All men still have the privilege of playing on the Community horseshoe pitching courts at Witmer Park; shoes can be borrowed at the Y. M. C. A. Office.

## I Paid \$5

For these powders once  
By Edna Wallace Hopper  
I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women asked me about powders. I am an actress and a movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth many times its cost. So I have long paid \$5 per box as have others, to obtain the very best.

Each lot was made to my order. Photo 1923  
Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream. It clings and stays. This I call my Youth Cream Powder. But many women like the powder light and fluffy. So I have this powder made in two forms.

All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my light Face Powder at 50c. Both come in three shades—white, flesh and brunette.

There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that any one who compares them with their ordinary powders will be amazed and delighted. I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

## CLEARFIELD BOY IN LINEUP

Colorado Springs, Colorado, Sept. 27  
Colorado College easily defeated Western State by a score of 20-0 in today's football game in which Blair W. Mann of Clearfield, Penna., took part as guard in the Tiger line in the third and fourth quarters. The line up at the opening of the game was as follows: Tigers: c. Cox; g. Willis, f. Moody; Moody, by Mann in third quarter, t. Brown; t. Schoonover; e. Gray;

## HOUSEHOLD FURNITURE FOR SALE

Monday, October 6th—2 P. M.

I have a quantity of household furniture for all rooms which must be sold on Monday afternoon. They are at the Holmes Storage at the corner of Merrill & William streets. Prices will sell them quickly.

MRS. M. J. KELLEY.

e. McDougall, qb, Briggs, lb; Moreland, lb, Hunter, fb, Delaney, West, ern, State; c. Lake; g. Gillispie; e. Axte; t. Higgins; t. Dow; e. Gorsuch; e. Nurse, qb, Gratton; hb, Taylor; hb, Smythe; fb, Hamm.

MacDonald opened the first quarter by placing the pigskin well down in western territory. Western fumbled for loss on the first down and punted to Briggs. Briggs fumbled and Western recovered. Held for downs, Western attempted to punt. MacDougall blocked and got away with the ball for the first Tiger touchdown. Hunter dropped the ball over the cross bar for the extra point. MacDougall kicked off and Western received the ball on her line.

Western, penalized fifteen yards for holding, punted straight up. MacDougall recovered near her five yard line. First down saw the ball within a yard of goal. On the second Briggs went through the Western line for the second touchdown of the quarter. Hunter executes the second successful goal. Score end of first quarter. Tigers 14. Western 9.

The first quarter displayed a good deal of fumbling and symptoms of nervousness in both teams. Weakness was apparent in the Western line whereas the Tiger line stronger than it had been for several years. Both teams showed backfield strength in line plunges but Colorado College was plainly superior in end runs and passing.

Due to Coach Mendes theory that every deserving man should have as many opportunities at the game as possible about thirty Tigers took part in today's mixup. McAllister, MacDougall and Delaney were the Tiger stars of the day, while every man on the squad displayed formidable evidence of competition for the conference championship.

Never Condense Troubles.

Had Wrong Idea of Statue.

The bronze equestrian statue of Marcus Aurelius in the capitol piazza at Rome was preserved by the early popes under the impression that it was a statue of the Emperor Constantine, the first Christian emperor.

**Fastest Flowing River.**

The fastest flowing river in the world is the Sutlej, in India, which rises 15,200 feet above the sea, and falls 12,000 feet in 180 miles.

**Trench-Digging Crab.**

One of the creatures most adept at mimicry is the fiddler crab. This curious creature is an expert in trench digging. He carries with him, as part of his body, an extraordinary weapon which serves as spade, sword and spoon. This is an enlargement of one claw shaped so much like a fiddle that it gives the crab its name.

## Curwensville's Own Column

Citizens of Curwensville are urged to contribute to the work of the Volunteers of America by the purchase of a red tag from one of the youthful workers tomorrow, who are co-operating in helping to put over the drive for the benefit of destitute families of prisoners in this state. Those desiring to help in the sale of tags are requested to come to headquarters at Mr. Fred Robison's, at nine o'clock in the morning for instructions and tags. The tags will be sold for a quarter, dime or half dollar. No sum will be too large or too small to help this worthy cause.

**A Concealed Statue.**  
There is in the Crystal palace, near London, an equestrian statue 20 feet high. In 1850 it was decided to be too heavy to move, and the present grand orchestra was built up around it. Of the millions that frequent the palace, few have any suspicion of the statue's existence.—Scientific American.

**First Voyage Across Atlantic.**  
In 1492, the Santa Maria, a Spanish vessel under the command of Christopher Columbus, traversed the ocean in 70 days. Some historians say that the Atlantic between Norway and Greenland was crossed by Norwegian sailors before the year 1000.

**Character from Laughter.**  
An Indian professor says laughter is a super indication of character than handwriting. The best kind of character is the sign of a moods and a frank disposition. "He who laughs at himself will not be laughed at by others."

## Chiropractic

Truth will always live and carry on. Ridicule is the cheap outlet of the unenlightened.

HARVEY who demonstrated that blood circulated was ridiculed.

FULTON who invented the steamboat was ridiculed.  
FRANKLIN, the discoverer of electricity, was ridiculed.  
WRIGHT BROS., originators and perfectors of the airplane, were ridiculed.

These and many others who broke the "IRON YOKE OF TRADITION" and helped in the progress of the world are honored today.

Twenty-five years ago the CHIROPRACTOR was laughed at by millions who have since been aided on the Road to Health by them.
